

Conference Call - July 12, 2016, 3:00 pm

In attendance: Kimble Richardson, Steve Davison, Katie Keesling, Steve Orusa, Autumn Gasior, Mike Beresford, Lynda Carlino, Joan Reed.

#	Q	Target Date	Activity	PM	Owner	Risks/Issues in Red	Status Comments
Education/Training 1: Develop an education program for Fishers Police Department and Fishers Fire Department.	Q1	January 2017	Fire department completed April 2016. Police department CIT training 50% goal by 2017. SRO Youth CIT Training 50% goal by 2017.	Kimble Richardson	Davison, Richardson, Ellison	Limited CIT Training opportunities. Researching Boone County CIT class openings. Researching additional youth CIT availability.	FD: Developed quarterly trainings for all members: immediate detention, excited delirium, traumatic brain injury, dementia/Alzheimer's. Davison and EDOs completed CIT cert with PD. PD: In process of having all officers CIT trained. PD mental health re-certification implemented. Additional PD/FD training for alcohol/drug screening (May 5). CIT for Youth - consider fire EDOs. Held at Warren Central HS.
	Q2		Big accomplishment: June 20 training, 3 hours. Invited EMS/Fire and Police from Fishers. Also opened up to Community Health Network and ASPIRE. SBIRT (Screening, Brief Intervention and Referral for Treatment. Part of national grant for IU Medicine. Dr. Carlson spoke. According to Dr. Carlson, this is the first SBIRT training given to Fire and EMS in the country.			Proof of concept for Tele-Behavioral Health funding.	Motivational Interviewing class to be scheduled as part of another grant effort as well. Want to continue to look at iPad for tele-behavioral health. They were willing to look at costs, and conceptually it's still on the table. Davison was contacted by Kevin Hartzberg from Community IT to get things moving. Dr. Rollins left for another job opportunity out of state.
Education/Training 2: Quarterly audit/review of mental health runs to see what can be learned.	Q1	January 2017	Program currently being developed for July 2016 completion.	Steve Davison	Davison, Richardson, Ellison		Putting a comparison program for mental health incidents in field compared to what we're finding in the hospital. Retrospective review of mental health incidents. Working on design now.
	Q2		Identifying and defining mental health stats from police and fire.			Receiving outcome data from hospital; no process in place.	Currently cross referencing data for development of audit and review of those patients that have been contacted by police or fire.
Education/Training 3: Enhance the City's partnerships with behavioral health providers.	Q1	January 2017	Ongoing meetings with stakeholders.	Mayor Fadness	Fadness, Orusa	Managing the number of increasing stakeholders. Keeping the growing numbers engaged.	Many residents and professionals want to help. Creating ways to implement them into the process.
	Q2		Continuing to meet with stakeholders.			Managing the number of increasing stakeholders. Keeping the growing numbers engaged.	Many stakeholders have chosen to become involved, but those that haven't still support the program. Implementing them into the process has been successful.
Education/Training 4: Develop systemic comprehensive plan for schools.	Q1	January 2017	Complete guidance counselor suicide prevention training. Increase ASPIRE mental health positions. Staff training in QPR suicide prevention. Agreement with Chaucie's Place "Lifelines" suicide prevention program. Complete administrative audit in spring 2015-2016. Support groups for mental health. High school mental health convocation. Tentative board goal to provide wrap-around services. Leverage mental health and suicide prevention resources.	Mike Beresford	Beresford	Chaucie's Place grant - change staff often, so it keeps getting dropped. Will use it for suicide prevention curriculum.	In good shape; completed all guidance counselors training (suicide prevention). Will complete grade 5-12 teachers suicide prevention training this year; K-4 next year. Goal to have all done by June 2017 for rest of staff. Have a support group for mental health going, started in spring. Board goal to provide wrap-around service is ongoing (includes mental health).
	Q2		Mining first year of suicide ideation data. Created first draft of consent form. School referendum successfully passed.			New person in grant position (third); establishing relationship with new staff at Chaucie's place for evidence-based suicide prevention program.	In final draft phase of RFP for mental health services for schools. Not ready to discuss in the media; in process of corporate agreement with IU Health. Once the agreement is complete we can be more public about it.
Education/Training 5: Develop a youth training plan for public safety	Q1	January 2017	Researching "Teenage Brain" education for public safety. Creating a junior high mental health module.	Mike Johnson	School Resource Officers/FPD, Mehling, Beresford	Creating mental health education for other grades.	Need clarification on recommendation - unclear. DARE curriculum pretty set. Jr. high is follow-up to 5th grade. Don't want to touch or it won't be DARE. Junior high mental health program to be created - name TBD.

departments.	Q2		6 school resource officers attended CIT for youth last week.			Creating mental health education for other grades.	Junior high class on mental health is still being planned. 6 school resource officers and a few other officers from the PD will be attending the "policing the teenage brain" class on July 27-28.
Education/Training 6: Develop community-wide communications campaign.	Q1	January 2017	Did not participate.	Autumn Gasior	Gasior		Did not participate.
	Q2		Working with parks on presence at senior expo. Working with ASPIRE and NAMI to attend farmer's market and senior expo. Creating ways to keep community conversation going. Scheduled YMI breakfast and challenge. Intern working on ideas for stigma-free campaign in schools.			Keeping the community engaged.	Stigma Free campaign has slowed down. September is national recovery month. Working on creating special events to celebrate hope. The theme is "happiness is..." Request fourth quarter ideas from team.
Education/Training 7: Develop an awareness training program for coaches.	Q1	January 2017	Presented "Mental Fitness" fact sheet for coaches and parents. Continue to provide awareness education on website and in e-newsletter. Create individual training program for 2017.	Katie Keesling/Lynda Carlino	Keesling, Carlino, Orusa	Time commitment of coaches and parents to training.	Met to talk about coaches training, where they could go with it. With guidance from Lynda, gradually introduce. Katie created 1-page flyer that went to parents at coaches meeting. Lynda's audience is a little different. #1 goal is to educate parents. The more info they have the better. Educate then train. SPORTS has a lot of volunteers. Training can be overwhelming. Want to convey that there are resources. Provide info through website, newsletter.
	Q2		Creating material for HSE SPORTS newsletter. Creating sample tweets for SPORTS. Meeting Dr. Rob Bell for his input and as a resource. Made presentation at coach's meeting.			Getting people to understand that mental health is an issue in our community. The burden on volunteer coaches.	Working with Mike Riekoff. Need to work more with travel coaches. Peyton Riekoff Softball Tournament may provide us with an opportunity.
Resources/Access 1: Remodel Community paramedicine program to include protocol for mental health runs.	Q1	January 2017	Creating the following: adult discharge follow-up, school discharge follow-up, and improved 911 crisis response for September 2016.	Steve Davison	Davison, Richardson, Ellison, Gebhart		Taken off to 3 separate programs. Discharge follow-up - home visits from Community or ASPIRE. School discharge program - meeting with Mike and Joan and Dr. Walker. 911 Response - Crisis response, day to day behavioral response. Looking at the possibility of tele-consultations with crisis staff. Needs infrastructure/IT, but it's moving.
	Q2		Working on the structure of all programs with Community, ASPIRE, and the schools. Looking at additional programs: veterans assistance program (PTSD) and development of fire safe stations as a place where people can go if they need mental health services.			Identifying key contacts for veteran's program.	Developing workflow for clinical pathways. Algorithms are in developmental phase to be included in Healthcall software. Creating models for additional programming.
Recourses/Access 2: Develop Intensive Care Coordination program for youth.	Q1	January 2017	Hiring 2-3 intensive care coordinators. Implementing Columbia Suicide Assessment.	Joan Reed/Mike Beresford	Richardson, Reed, Beresford, Ellison, Seward	Depending on referendum May 3 to see if finding becomes available to do more.	HSE partnering with Community North and ASPIRE.
	Q2		Created job description for district mental health care coordinators.				Passing of referendum provides funding for program. Joan has a menu of education programs on mental health. Will email to Steve. Public Safety and faith based groups are looking for training.

Hamilton County - JDAI Juvenile Detention Alternative Initiative. Goal is to look at alternatives for kids in lieu of being detained. Not sure what direction it will take.
